

# 会葬者印刷

The screenshot shows a software window titled "会葬者一覧" (Funeral Attendee List). The window has a menu bar with options: 閉じる (Close), 印刷 (Print), navigation arrows, 全表示 (Full Display), 並び替え (Sort), ファイル出力 (File Output), HELP, 検索 (Search), 拡大 (Zoom In), and 縮小 (Zoom Out). Below the menu bar is a search field with the text "※宛先CD 10-00" and a page indicator "11 / 50".

The main area contains a table with columns for "会葬者名" (Attendee Name), "法人名・住所" (Company Name/Address), and "役職" (Position). The table lists 20 attendees, including names like 水口 達則, 武塚 海樹, and 岩田 多恵子.

Four red callout boxes with arrows point to specific UI elements:

- Top-left: "印刷プレビューを表示します 用紙はA4横で設定します" (Shows print preview, set paper to A4 landscape).
- Top-center: "並び替え" (Sort) button with sub-options: カナ (Kana), 〒番号 (Postal Number), 御関係1 (Relationship 1), 御関係2 (Relationship 2).
- Top-right: "会葬者データを検索用のウィンドウを開きます" (Opens search window for funeral attendee data).
- Bottom-right: "会葬者データをファイルにエクスポートします" (Exports funeral attendee data to file).

A dialog box titled "会葬者データのエクスポート" (Export Funeral Attendee Data) is open in the bottom right, displaying the export path: "会葬者データをfile://C:/Users/user/Desktop/Gosougifm/出力/にファイル名「会葬者.csv」でエクスポートします" (Export funeral attendee data to file://C:/Users/user/Desktop/Gosougifm/output/ with filename 'FuneralAttendee.csv'). The dialog has "エクスポート" (Export) and "キャンセル" (Cancel) buttons.

At the bottom of the window, there is a status bar with "100" and a "ブラウズ" (Browse) button.
